

I have 2 daughters that have been receiving wonderful care from Fishburn Flock since I brought my first daughter from China and started there in 2001. My second daughter was adopted from China when she was 4 years old and they anxiously awaited her arrival. They could not wait to meet "Emily's new little sister, Chloe". She was placed in their wonderful preschool classroom with very little knowledge of the English language and thrived there. Within a year of coming to this country and starting in this classroom, she started kindergarten in our public school system. She was completely on target socially and academically. I attribute a great deal of this to the great care, nurturing and teaching provided by the teachers and staff at the Flock. As a single, working mom, a dependable and loving daycare was high on my priority list and after almost 10 years I have not been disappointed. Every parent wants to know there are happy and well cared for and I have always felt this way at the Flock. We have never arrived early in the morning where my girls were not greeted with a smile, "good morning" and "let me get your breakfast". Affordable, dependable childcare is hard to find and I hope that Fishburn Flock can be the answer to many more families in need. Amy T.

It is with great pleasure I write this letter as our daughter, age 5, has been attending Fishburn Flock for almost a year. Fishburn Flock is exemplary in their care, facilities, and forward thinking, innovative childcare practices. The teachers in my daughter's classroom are truly wonderful teachers, role models and true care-givers. The teachers and staff go above and beyond the call of duty and made every effort to help our daughter transition from another school. By the start of the second month, she was waking me up to rush to school, not the other way around! The facilities are top-notch, menus are well balanced and the importance that Fishburn Flock places equally on education, faith, manners, play/sleep time, have set the bar very high. Our daughter loves unicorns, so one of the teachers found a picture and made copies so she could color unicorns every day. That was a very big deal to us. One day a teacher made a point to stop me in the parking lot to express how much she enjoys certain qualities of our daughter and how our daughter brightens their day. This is very special to a parent. Field trips, fingerprinting and photo ID cards, a true graduation complete with caps, gowns, speeches and DVD's of the event to follow – well these are just a few of the ways this school has amazed my husband and I. I recommend Fishburn Flock to everyone I know. I have seen daycare centers from east coast to west coast and I must tell you, I never knew there could be a school that has it all such as Fishburn Flock. I believe it is Hershey's best kept secret! Pamela B.

My daughter has been enrolled at Fishburn Flock since June of 2010. I have been very pleased with the quality of Christian care that she has received. The staff is friendly and well trained. They have kept me informed of my daughter's day to day care and have shared any concerns they may have. They have been attentive and called me when they felt I should be aware of her condition which I have greatly appreciated. I would love to stay at home with my daughter however because I cannot I can truly say that I have a good feeling about leaving her at Fishburn Flock. The staff engage each child and I feel they truly have a vested interest in helping the children to develop mentally, socially and spiritually. This type of care is invaluable when you are unable to stay home yourself. Suzy C.

I'm writing today to confirm my appreciation for the availability of Fishburn Flock to care for children in the Hershey community. When I moved to the area I took the opportunity to visit a number of daycares. I was attracted to the non-profit daycares sponsored by churches because I found them to be more focused on the children and the quality of care appeared better. They were also more affordable. I also appreciated that there was a strong component of values and Christian education critical for children to receive. Of the options available, I chose Fishburn Flock. I felt it had the most to offer in these respects and more. During the four years my son has been enrolled I've been so thankful for Fishburn Flock. I appreciate the caring staff and their flexibility to meet the changing needs as my child grows. I'm thankful that I can count on Fishburn Flock to care for my son allowing me to earn the income we need as a family. Fishburn has been there consistently when we need them. I hope that Fishburn Flock can continue to assist the growing community and continue to have a positive impact in the lives of children. The need is there and the Flock is a God-send. Barb N.

It is with a grateful heart that I write this note of thanks to all of you who have taken care of my children over the last seven years. Over the years we've worked together as a team to raise my girls in the way that they should go. I feel very strongly that the part the teachers have played in the lives of my girls has been incredible and it has not gone unnoticed. The teachers at Fishburn Flock have loved my children, played with them, taught them, and modeled the love God has for us to them. You have done a phenomenal job and for that I thank you. I could not have come to my calling here in Hershey as a teacher if it were not for you. Nowhere else have I felt so calm and confident in those who take care of my children. You put the care of these children first and obviously love what you do and it shows. So as you have positively affected my children and me you have also positively affected the community of Hershey. Because of you, Hershey has a teacher who loves what she does because she knows it is a calling. Had I not had the Flock, I would have found it very difficult to come to work each day. My children would have been in the hands of those who just weren't up to the standards you have set, and that would have been a problem for me. The best form of thanks I can give are the positive word-of-mouth comments to any and all up-and-coming parents-to-be in this community. I have appreciated all you do for so long. May God bless you richly as you continue to take care of His lambs. Dawn T.
